RESOLUTION OF CONFLICTS OF INTEREST
In accordance with the ACCME Standards for Commercial Support of CME, the Duke University School of Medicine implemented mechanisms, prior to the planning and implementation of this CME activity, to identify and resolve conflicts of interest for all individuals in a position to control content of this CME activity.

ACCREDITATION
In support of improving patient care, the Duke University Health System Department of Clinical Education and Professional Development is accredited by the American Nurses Credentialing Center (ANCC), the Accreditation Council for Pharmacy Education (ACPE) and the Accreditation Council for Continuing Medical Education (ACCME), to provide continuing education for the health care team.

CREDIT DESIGNATION
The Duke University Health System Department of Clinical Education and Professional Development designates this CME activity for a maximum of 6.44 AMA PRA Category 1 Credits™. Physicians should claim only credit commensurate with the extent of their participation in this activity.

SPECIAL NEEDS STATEMENT
The Duke Department/Division of Ophthalmology is committed to making its activities accessible to all individuals. If you are in need of an accommodation, please do not hesitate to call and/or submit a description of your needs in writing in order to receive service.

COMMERCIAL SUPPORT ACKNOWLEDGEMENT
This CME activity is supported by educational exhibits. A complete list of supporters will be published in the course syllabus.

COURSE INFORMATION
Controversies in Cornea and Cataract Surgery is designed to offer the newest clinical information on many topics in the field of anterior segment ophthalmology. Utilizing the clinical and research expertise of the Duke Eye Center faculty, the course will cover topics in medical and surgical cornea as well as cataract evaluation and management. Throughout the course we aim to focus on many of the unanswered questions in anterior segment ophthalmology including several new and controversial issues facing our field. We invite you to join us as we explore the past, present and future of cornea and cataract surgery!
