Lectures

Science Visiting Professor Lecture
February 22, 2018
Duke Eye Center
Albert Eye Research Institute

Lecture
Lawrence Tychsen, MD
Professor of Ophthalmology in Pediatrics, John F. Hardesty, MD Distinguished Professor of Ophthalmology and Visual Science
Barnes-Jewish Hospital, Shriners Hospital for Children – St. Louise
St. Louis, MO

Joseph M. Bryan Research Lecture
March 5, 2018
Duke Eye Center
Albert Eye Research Institute

Lecture
Shigeru Kineshita, MD, PhD
Professor of Frontier Medical Science and Technology for Ophthalmology
Kyoto Prefectural University of Medicine
Kyoto, Japan

Science Visiting Professor Lecture
March 29, 2018
Duke Eye Center
Albert Eye Research Institute

Lecture
Jeffrey L. Goldberg, MD, PhD
Professor and Chair of Ophthalmology
Byers Eye Institute
Stanford University

Distinguished Stephen & Frances Foster Lecture
April 10, 2018
Duke Eye Center
Albert Eye Research Institute

Lecture
Reza Dana, MD, MPH, MSc
Claes H. Dohlman Professor of Ophthalmology
Vice Chairman & Assoc. Chief of Ophthalmology for Academic Programs
Director, Cornea & Refractive Surgery
Massachusetts Eye & Ear Infirmary
Senior Scientist, Schepens Eye Research Inst./Mass. Eye & Ear
Committee on Immunology, Harvard Medical School

Joseph M. Bryan Research Lecture
November 15, 2018
Duke Eye Center
Albert Eye Research Institute

Lecture
Martin Friedlander, MD, PhD
Professor
Department of Molecular Medicine
The Scripps Research Institute, California Campus

@dukeycenter
I am pleased to announce that we have named Lejla Vajzovic, MD as Director of Duke Ophthalmology Continuing Medical Education. She has an impressive track record of organizing superb events. Look for exciting changes in the coming year under her leadership.

What an amazing education line up for 2018! We are proud of our long standing educational programs that have been held for decades, as well as the new programs we recently introduced. This year marks the 50th anniversary for the Duke Glaucoma Symposium and we are bringing the second annual Duke Glaucoma Fellows Course home to Duke this year to be held in conjunction with the milestone Glaucoma Symposium.

Highlights of the 2018 CME Program:
- Annual Controversies in Cornea and Cataract Surgery
- 2018 McKinley Conference
- 2nd Annual Glaucoma Fellows Course
- 4th Annual Fellows Advanced Vitreoretinal Surgery Course
- 30th Annual Glaucoma Symposium
- Annual Controversies in Cornea and Cataract Surgery
- Community Events for Optometrists
- CE Events

From the Chair
Lejla Vajzovic, MD
Director, Continuing Medical Education

Controversies in Cornea & Cataract Surgery
Controversies in Cornea and Cataract Surgery is designed to offer the newest clinical information on many topics in the field of anterior segment ophthalmology. Utilizing the clinical and research expertise of the Duke Eye Center faculty the course will cover topics in medical and surgical cataract as well as cataract evaluation and management.

February 10, 2018
Trent Semans Center
Duke University

Course Chair:
Terry Kim, MD

Course Co-Directors:
Preeya K. Gupta, MD, Melissa Daluway, MD

CME Events

Community Events for Optometrists

Facilities event dates and locations:
- February 26
  Duke Eye Center
- April 20
  Research Triangle Park, NC
- November 12
  Doubletree by Hilton

Vision Quest
The Duke Eye Center Vision Quest is designed to update allied ophthalmic personnel on the latest advancements and new technologies in ophthalmology.

March, 3, 2018
Duke Eye Center
Albert Eye Research Institute

Course Director:
Deborah K. Smith, BS, COMT

2018 McKinley Conference

May 11, 2018
Forsyth Conference Center
Winston Salem, NC

CE Events

Community Events for Optometrists

Facilities event dates and locations:
