PROGRAM LEARNING OBJECTIVES:
• Develop management strategy for medical and surgical management of common cornea and external diseases.
• Understand the surgical management of refractive error.
• Understand principles of refractive cataract surgery.
• Understand principles of advanced refractive surgery techniques.
• Develop treatment strategy for ocular surface disease management.

COURSE INFORMATION
Controversies in Cornea and Cataract Surgery is designed to offer the newest clinical information on many topics in the field of anterior segment ophthalmology. Utilizing the clinical and research expertise of the Duke Eye Center faculty, the course will cover topics in medical and surgical cornea as well as cataract evaluation and management. Throughout the course we aim to focus on many of the unanswered questions in the anterior segment ophthalmology including several new and controversial issues facing our field. We invite you to join us as we explore the past, present and future of cornea and cataract surgery!

CREDIT DESIGNATION
Duke University Health System Department of Clinical Education & Professional Development designates this live activity for a maximum of 7.0 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

SESSION 1:
OCULAR SURFACE DISEASE MANAGEMENT IN 2020
8:00 – 8:25am  Novel Treatment Strategies for Infectious Keratitis
Bradley Barnett, MD, PhD

8:25 – 8:50am  Zoster Infection and the Eye
Alan N. Carlson, MD

8:50am – 9:15am  Biologics in OSD: Which and When to Use
Victor Perez, MD

9:15am – 9:45am  Managing OSD in the Pre-Operative Patient
Terry Kim, MD

9:45am – 10:00am  Break and Exhibit Viewing
Great Hall

SESSION 2:
FUTURE OF CORNEAL DISEASE MANAGEMENT
10:00am – 10:30am  Current Thoughts on the Management of Keratoconus
Richard Lindstrom, MD

10:30am – 10:55am  Anterior Segment Imaging and Keratoconus
Anthony N.Kuo, MD

10:55am – 11:20am  DMEK and Advances in Eye Banking
Terry Semchyshyn, MD

11:20am – 11:50am  DWEK/DSO: Is it for Real?
Kenneth Weinlander, MD

11:50am – 12:15pm  Pediatric Corneal Disease
Melissa Daluvoy, MD

12:15 – 1:00pm  Lunch and Exhibit Viewing in Great Hall

SESSION 3:
ADVANCES IN CATARACT & REFRACTIVE SURGERY
1:00pm – 1:30pm  Keynote Address
Do You See What I See: Megatrends Impacting Ophthalmology
Richard Lindstrom, MD

1:30pm – 1:55pm  Advances in IOL Formulae: What you Need to Know
Christopher S. Boehlke, MD

1:55pm – 2:20pm  IOL Technology in 2020
Preeya K.Gupta, MD

2:20pm – 2:45pm  Refractive Surgery Update
Lloyd Williams, MD, PhD

2:45pm – 3:00pm  Break and Exhibit Viewing
Great Hall

SESSION 4:
POINT - COUNTERPOINT: WHICH IS BETTER
3:00pm – 4:15pm  This Interactive Session will feature Rapid-Fire Debates between Faculty Members on Hot Topics in Cornea and Cataract Surgery
Witness First-hand how everyone does it Differently
Moderators:
Nandini Venkateswaran, MD
Andrew Davis, MD

4:15pm  Closing Remarks and Adjourn
